

FREQUENTLY ASKED QUESTIONS

Q: What time can you start the movie?

A: All movies begin 15 minutes after sunset when it becomes dark enough to see an image on the screen. Please visit www.sunrisesunset.com and enter your location to determine an approximate start time. ***Movies cannot be shown during daylight hours unless inside a building or underneath a permanent structure where there is very little sunlight.***

Q: What areas do you service?

A: Joey V services all of Ocean & Monmouth counties and certain sections of Mercer, Atlantic and Burlington counties. If you are located beyond these areas, travel fees will apply.

Q: Can your screens be set up inside or outside?

A: Yes, all movie screens can be set up inside as well as outside. For outside, grass is the preferred surface so the screen(s) can be anchored down properly.

Q: How well do your screens handle gusty winds?

A: Both screens are wind-rated to about 15-20 mph. To offer better stability, the screen may be set up parallel to the wind or sometimes in front of a tree, goalpost, building or vehicle.

Q: What time do you arrive and how long do you stay?

A: Joey V arrives 2-hours before the scheduled start time to set up everything and will remain on-site for the entire duration of the movie.

Q: Do you use front or rear projection?

A: The 12 & 15 ft screens are front projection only while the 18-ft. screen is front or rear projection capable. Front projection provides a brighter, more vivid, picture but if you are expecting a large audience with lots of children present, rear projection is the better choice.

Q: What movies can I show and who provides it?

A: No license is needed for movies shown at your home so feel free to provide the movie of your choice. However, public events usually require permits & licensing. Joey V can assist you with this process.

Q: Do you provide popcorn or snacks?

A: A small popcorn machine is available for an additional fee based on number of guests. For other concessions like cotton candy or snow cones, Joey V can refer you to other vendors.

Q: What happens if the forecast calls for rain/bad weather on the day of my movie?

A: You will be contacted by 12pm on the day of event to discuss cancellation, rescheduling or possibly moving the event indoors. It is recommended that you purchase Event Protection for an additional fee. This allows you one free rescheduling based on the next open date or to have your deposit refunded; whichever you choose.

YARD PREPARATION TIPS FOR MOVIE NIGHT

- Have the lawn mowed a day or 2 before so the grass is short and neat. Pick up any sticks, leaves or yard waste
- Trim low-hanging branches and/or cut back any overgrown vegetation that may interfere with the movie viewing experience.
- If you have pets, kindly make sure you thoroughly search the yard for any pet droppings.
- Turn your sprinkler system off so it does not accidentally come on and possibly damage the movie equipment.
- For everyone's comfort, have some citronella candles and insect repellent on hand. You can also spray an outdoor fogger in your yard a few hours beforehand.
